

Let's Educate

Alongside The Playscheme

Let our professionals enhance your provision.

Who We Are

The Playscheme now known as Let's Educate was established within early 2018 with an aim to create a fun and affordable childcare service for children during the school holidays. We pride ourselves as a company that offers value for money whilst ensuring our fully trained staff members provide children with a creative and energising experience. We provide care for around eighty children per day during the school holidays and have a staffing team of over twenty six that work across different centres. Our aim is to work in schools within the term time offering a range of provision.

What We Offer

The provision we offer ranges from:

- After school club provision.
- P.E lessons.
- Tutoring on a 1:1 and small group basis.
- Flexible educational professionals able to lead P.E sessions as well as support across the curriculum to meet the needs of the school.
- Packages to support lowest 20% of cohort.
- Continuous professional development to enhance staff confidence in P.E.
- Sports day delivery.

The boys thoroughly enjoyed today and they have made new friends along the way. Both came back with beaming smiles and feeling exhausted but raring to get back tomorrow and have asked to be booked up on the next Playscheme. Highly recommend. - R.Ruby, Parent

E-ACT has enjoyed a successful partnership with Let's Educate to deliver and develop activities which captivated a lot of children across the last 4 years. This is managed extremely well, receiving positive feedback from parents. This is a great asset to our Academies. Sam Hesson, Regional Community Manager

P.E Lessons

Let's Educate understands how important planning, preparation and assessment is for your staff to enable the progress of your children. We provide high quality cover to enable your staff time to complete their professional duties.

Let's Educate's highly trained professionals are able to deliver both engaging P.E lessons as well as being able to lead/ support with other subjects across the curriculum. This ensures that your school is receiving a high quality package that is both cost effective as well as meeting the demands of your school curriculum.

Our staff have recent experience working in schools with up to date subject knowledge and the ability to work as part of a larger team; hence we will work closely with school leaders to cater our package to meet the requirements of your school development plans. Staff have relevant qualifications and experience to manage large classes of children including children with special educational needs and those with challenging behaviour.

CPD

We pride ourselves in empowering educators to provide high quality education outside of the classroom. We use the experience and confidence from staff to bring them a programme that enables them to deliver Physical Education (PE) lessons with ease.

The aim is to improve the children's knowledge and outcomes as well as promoting a love for being active and outdoor learning. Let's Educate provide termly programmes with weekly feedback and support which can be adapted to meet the needs of your school, staff and children.

Let's Educate offers: Planning, Reporting, Delivery, Feedback, Educators subject knowledge.

Clubs / Sports Day

We understand the need for schools to expand their curriculum to include enriching activities before schools begins, lunch time as well as a wide variety of after school clubs. We work closely with school leaders; discussing the intent of the school provision and long term aims to create a club package that will enhance the school curriculum. Some of the possible activities we could include are:

- Drama
- Outdoor education
- Breakfast club
- Multi-sports
- Arts and Crafts
- Sensory activities

This list is by no means exhaustive; we have a wide range of staff with a range of differing qualifications and experiences that can be used for the benefit of individual schools and their needs.

Lowest 20%

At Let's Educate we understand the importance of focusing on the lowest 20% of your school cohort; considering how we can further support the children who need it most.

We offer support packages which focus on these children by providing extra P.E lessons to engage children in the curriculum, sensory ideas and implementation, wellbeing and mental health support through befriending schemes and mindfulness programmes, 1:1 support within classroom learning as well as kinaesthetic, quality interventions.

We would be happy to cater a support package for your most vulnerable children to engage in a holistic educational experience which can inspire that they can and will achieve.

As well as delivering an extensive club provision, we can work closely with your P.E co-ordinator to plan and deliver your sports days; let's get all children and parents invigorated to have fun!

Activities we offer:

- Multi-sports
 - Hockey
 - Tennis
- Dodgeball
- Bench ball
- Athletics
- Dance
- Gymnastics
- Drama
- Art
- Basketball
- Ball games
- Team building games
- Swimming
 - Rugby
 - Softball
 - Rounders
- Ultimate Frisbee
- Football

We offer Full day, Half day packages but always try and create a package that best fits your school.

We can also do other activities on request.
